

How to Reserve a Stay at the Ronald McDonald House

Email Lorraine Montuori, social worker at the Hospital for Special Surgery who handles pediatric cases. All requests must go through a social worker.

She will then contact you to get information so she can complete the request form. She faxes over the request form.

The Ronald McDonald House then emails Lorraine a confirmation number. She forwards the email to you and this is what you present to the Ronald McDonald House upon arrival.

Social Worker's contact information:

Lorraine Montuori

email: HYPERLINK "mailto:montuoril@hss.edu" montuoril@hss.edu

phone: 212-606-1031

Notes:

First priority is given to cancer patients. It is difficult to get a long term stay approved. However, for all follow up visits I was able to get my request granted. My eleven year old loved it. Nice accommodations. Cost per night is \$35. They have thought of everything! Music room, Wii game room, computer room. Dinner is served each night around 6:30 pm. It is only one block away from Dr. Rozbruch's office.
